Who we are

We'd like to give you a taster of what it's like to work at Caravan Guard.

Caravan Guard offer specialist insurance for caravans, motorhomes, park homes, lodges and holiday homes to over **95,000** customers UK wide.

We employ over 120 talented people in our modern Halifax town centre offices.

Our vision is "**Positive people delivering brilliant customer experiences**", so we only employ people who love to deliver first class customer service.

Why we're different

We're passionate about everything we do, and as a family business we like to think we're a little bit different. For starters, we enjoy sharing our success with our team.

Our company philosophy is to look after our people and empower them to look after our customers, who in turn look after the profits. One way we do this is by equally sharing a percentage of profits each year, in the form of our **positive people dividend**. This is over and above our individual performance and profit related bonuses. It's designed to pull our '**virtual shareholders**' together and reward our collective success.

Career development

We aim to employ the most talented people and give them the very best coaching, support and recognition. We've even won awards for our training programme!

When you join as an adviser you'll follow our comprehensive training programme, that will equip you with the skills you need, help you learn about all our products, and ultimately get you moving up through our adviser bandings.

Progress through each level to take on bigger responsibilities and earn more cash in your pocket!

We support employees looking to complete **training and qualifications** in their area of work.

The most popular are the **Chartered Insurance Institute** qualifications, which can be completed as part of our **Caravan Guard Academy**. We even offer financial rewards for passing exams!

As well as our contact centre, we have our own in-house claims liaison, IT, marketing, pricing, business development, accounts and admin departments. If new openings come up in any department, we tell internal staff before anyone else!
